EXPERIENCE

Back-End Developer at *RaisisSoftware, Suceava, Romania*

October 2023 – September 2024

As a back-end developer, I worked on the server-side of a CRM web app, with Typescript, Nest.JS, Prisma, PostgreSQL, AWS, Bitbucket.

Summer Practice - POCU 2022 at *Endava*

July 2022 – August 2022

I took part in several courses and trainings on topics such as Java, Hibernate, Spring, Spring Boot, Javascript, Typescript, HTML, CSS, Angular, as well as Agile methodologies.

Node.js Developer Intern at *ASSIST Software, Suceava, Romania*

July 2021

As a back-end developer, I contributed to the development of a full-stack web and mobile application that enables citizens to report various issues and concerns within their town or city, using Node.js, Express.js, PostgreSQL.
